

Vietnamese Cancer Awareness Research and Education Society

January 2016

Dear Potential Sponsor:

We are the members of the Vietnamese Cancer Awareness Research and Education Society (VN CARES) at the University of the Pacific Thomas J. Long School of Pharmacy and Health Sciences. VN CARES is a campus committee that strives to reach out and provide services to all communities by hosting three annual health fairs in Northern California. We would like to cordially invite you to be a sponsor and be part of our community involvement.

The marketing potential for your business exceeds exposure at the fairs. Our supporters benefit from our extensive outreach to community members and university affiliates. Advertisements that simultaneously promote sponsors are distributed on the college campus and local businesses, bridging connections with organizations and alumni. Sponsors are also recognized on our Facebook page, website, banners, and local news reports on event day. Not only will you gain greater recognition, but you will also benefit from an improved charitable reputation and respect from peers and fellow event sponsors. Your contribution and support will indubitably prove advantageous.

At our three health fairs in Northern California each year, we provide free examinations for blood pressure, cholesterol, diabetes, osteoporosis, asthma, immunizations, and many more. We also invite various health care organizations to provide valuable information, additional screenings, and other services for the community.

VN CARES has hosted the health fairs for the past nine years and would not have been able to do so without help from others. The University graciously supports our cause, but our fairs have grown every year and we want to ensure that we can accommodate the attendees we honorably serve. We, as a student committee, are only able to do so much to compensate for the extra measures, but with the help of kindhearted and generous donors like you, we can make a lasting difference to inspire others to do the same. If you are interested in supporting our cause, please fill out the following form:

Vietnamese Cancer Awareness Research and Education Society

**Please complete and submit this form by February
22nd, 2016 to be a sponsor:**

(University of the Pacific is a 501(c) (3) nonprofit organization. Donations are tax-deductible to the extent allowed by state and federal law. Please consult your tax advisor for specific information regarding your tax implications.)

Health Fair Descriptions:

- **Pacific Outreach Health Fair
Sacramento, CA**

The Pacific Outreach Health Fair – Sacramento is held annually in the fall season at the Vietnamese Martyrs Church in the heart of Little Saigon in Sacramento. The health fair welcomes communities of all ethnic backgrounds and is geared towards serving underserved populations of the area with health screenings and relevant health information to promote healthier lifestyles. In the past, we invited organizations that provide social services to help attendees enroll in the Affordable Care Act. This health fair is an important intersection where we can bridge access to healthcare and preventive health screenings in our pursuit for a healthier community.

- **Pacific Family Health Fair
Stockton, CA**

The Pacific Family Health Fair is held every spring and has been at St. Luke's Catholic Church for the past 7 years. As the name suggests, the Pacific Family Health Fair is focused on serving families around University of the Pacific. In conjunction to providing preventative health screenings, VN CARES also invites local non-profit organizations that provide their respective services to benefit the community. The local community emphasis has been an integral part of our health fair. We also hold an Art and Essay Contest for local elementary and high school students that encourage children to think critically of how they can contribute to a healthier future. Exceptional contest entries are awarded monetary prizes for their messages and efforts. Essentially, the Pacific Family Health Fair is a three prong approach in engaging the community by providing free health screenings, bringing community resources, and hosting a scholarship contest to make a multi-generational impact for our community.

Vietnamese Cancer Awareness Research and Education Society

- **Pacific Outreach Health Fair
Bay Area, CA**

Every summer, the VN CARES committee of University of the Pacific Thomas J. Long School of Pharmacy and Health Sciences hosts a health fair at a selected Bay Area location. We strive to reach out to all different areas each year. Though the locations may change, our goal has stayed the same, which is to provide health services and bring organizations that provide social services for the underserved populations. Our focus is to find areas that suffer from high rates of chronic disease and lack of access to quality healthcare.

Once again, the Vietnamese Cancer Awareness Research and Education Society at University of the Pacific Thomas J. Long School of Pharmacy and Health Sciences and our health fair participants humbly ask for your support. Your assistance in any form would serve as fuel for us to continue serving our community to build a healthier tomorrow.
